Multidisciplinary artist, Zdenek Konvalina (b.1979) gained international acclaim as a performing artist with over 18 years career on stages around the world.

In 2002, temporarily unable to perform and create due to an injury he turned to painting to find another artistic outlet. Inspired by modern and contemporary masters and distinctive ever-so evolving techniques, he experimented, self-taught, studied the diverse possibilities of expression through visual art. Konvalina has pursued his career as a ballet dancer with full commitment and became world renowned artist, winning numerous awards, while his painting became an indispensable part of his life. His work has been shown in several solo and group exhibitions and a number of his works are placed in private collections in America and Canada.

In 2014 Konvalina retired as a ballet dancer, now fully devoted to his abstract expressionist painting practice.
